HELLO TO OUR COUSINS, KIN, AND OTHER READERS

It's nice to be with you again. We hope your trust in the Officers, Board, and Committee Chairmen of HFFA is worth the reward of membership once again.

Since I have the double role of being the Newsletter Editor as well as the elected Treasurer of HFFA, I get a different view of the Association than most of you. I'm aware that our membership numbers are falling but I don't know what to do about it. I read each Journal that Jon Frye sends out and I'm proud of HFFA for being able to have such a wonderful publication. I use the Links Book and wonder if any other family association has as good a reference as we do. I see the early plans of the 2011 Reunion in Winchester, VA hosted by Norm Schulze and I wish it was happening sooner than a year from now. I have phone and email conversations with many of you and rejoice that we are united by that bit of DNA from Heinrich Frey that we all share with each other. I see the commitment, faith, and trust given to HFFA when so many of you have renewed your memberships, especially those who have signed up for as many as four years in advance. It seems that we do so many things right, but still our membership is decreasing. It is a mystery to me why that is happening. If you have ideas, please send them to me.

As I just mentioned, the 2011 Reunion is a year away. The dates for it are May 19 – 22, 2011. Norm has many details planned already. **See Page 8 of this Newsletter.** If you think you are going to go to the reunion, please let Norm know. It's a lot easier to make plans if you have an idea how many people are involved. He is at nschulze@cox.net, or call 703-818-2328. (I just used the Links Book to get that information.)

While I have your attention, I might as well give a Treasurer's Report: The following data is accurate as of 21 May 2010. It represents financial activity since Feb. 2010.

Query: Is this one of "our" Jacob Fry's?

Richard Wesley Frey, wrote to say that he could have included a notice about his mother passing away last August. He was encouraged to still write about her and to also tell us about his father, Jack Frey. We received the following story.

John Wesley (Jack) Frey
(1904 - 1967)
Nada Mildred Winkle
(1906 - 2009)

My father, John Wesley (Jack) Frey was born in Breckenridge, Colorado on Christmas Day, 1904 to Charles Wesley Frey and Mary Katherine Simms Frey. He moved to central California in the mid 1920's and worked for Electric Laboratories, Inc. an automobile repair and parts company. While on a blind date, he met Nada Mildred Winkler, an office worker, who was born in Council, Idaho on November 22, 1906. On July 3, 1930 they were married in Fresno, California.

Several years later they purchased Electric Laboratories which they owned and Jack ran until his death from a heart attack while playing golf in 1967. They had two sons, Jon Michael who was born in 1941 and Richard Wesley who was born in 1944. As a hobby, Jack loved to play golf which Mildred took up in the 1950's.

In 1970 she married George Wilson. George was active in the local Masonic Shrine Temple and played in "The Potentate's Band" which consisted of 6 men who had a great time playing music. It was not uncommon for George to take his 4 string banjo into restaurants and play music and sing songs while he was waiting for his food to be served. Not only did the customers like the free entertainment, many times it would result in free drinks or food for George and Mildred. George died in 1977.

In 1978 she married Jack Nolan Brooks. He was retired from South-Western Bell. They both played golf at a local country club. Jack Brooks died in 1990.

Mildred stayed single for the rest of her life, but in 1997 she befriended a retired CPA named Tom Roberson. They dated for about a year before Tom passed away. Since they lived only a half-mile apart, they saw each other every day. They were a very cute couple and brought much joy to each other.

Mildred continued to live alone in her home and drive her car until April of 2003 when she was 96 years old. At that time she moved into an assisted living facility. She passed away at the age of 102 in August of 2009.

GO WHERE???

My maiden name was Helen Frye. I graduated from college with a degree in speech and a specialty in speech therapy.

My first job included a school in a small town in Missouri (Chaffee). On the first day of the school year, the principal made the following announcement:

"This year we have the services of a speech therapist. She will be working on this campus every week on Tuesdays. Her hours will be 9:00 a.m. until 3:00 p.m.. Her office will be in room 20. So, if any of you need help with your speech, just go to Helen Frye."

(If you are wondering if there was supposed to be a punch line in this story, read the last sentence slowly and out loud. If you are still puzzled, you could just call Helen Frye.)

CORRECTIONS From Charles

In the last HFFA Newsletter (Feb 2010) we included a listing of burials in the Frye Cemetery at Intermont, WV. Our historian **Charles Burgess** has found some errors. Some of these errors persist on the internet and should be corrected when used by HFFA.

1. There is a typographical error in the birth year for A. Raymond Cline (the internet calls him S. Raymond) as 1809 when it should be 1890.
2. Hugh P. Cline and Minnie Tipping Frye were married 24 Oct 1889.
3. Also, Mary Cline wasn't born after she died. That is an error on the internet that should be changed. She died on the same day she was born.
4. Charles says he will be curious to see if the tombstone for Abraham Frye – born Nov 29, 1784 – died Sept. 1, 1875, actually says he was a son of Hannah. If that is true, Hannah was only 8 when he was born. Charles says his mother was Fanny and Hannah was his sister-in-law.

QUERY:

I have a good genealogical friend who is trying to establish parentage of **Sarah Jane Froman** (ca 1770-ca 1805) of Nelson Co., KY. Marriage bond for her marriage to **Robert Anderson** (1762-1835) on 23 Jul 1790 was signed by "**Paul Froman.**" She thinks our Frye line connected with the same Paul Froman.

If anyone has information on this Sarah Jane Froman parents or this Paul Froman, please send to me - my address is on newsletter's last page. Thanks, **Wilbur Frye**.

HFFA REUNION: Status Report

Planning for the HFFA Reunion 2011 is progressing. Lodging and meeting arrangements have been completed.

Group lodging rates are being provided by the historic **George Washington Hotel** (the GW Hotel) in downtown Winchester, Virginia. The hotel has graciously offered the use of their large conference room without cost to the HFFA and has waived their parking fee. They will be offering other services, as possible, without cost.

Visit the hotel's web site at: <http://www.wyndham.com/hotels/DCAGW/main.wnt>.

They have set aside a block of 15 rooms at the rate of \$99 per night plus the standard sales tax for hotels, which in Virginia is currently 10%. I have toured the hotel as part of my reunion prep work. The rooms were to me very impressive. I've paid considerably more and received much less in our region.

In turn for the free use of their meeting facility, we will be obligated to purchase a certain amount for food and beverage. As part of the registration fee, both lunch and dinner for Thursday will be included, which is fully expected to cover the cost obligation. Depending on program elements, other meals will likely be included as well, especially lunch whenever we have no restaurant option.

NOTE: Members must make their own lodging reservation arrangements, whether at the GW Hotel or elsewhere.

I encourage members to make early reservations, especially if they intend to stay at the GW Hotel. For example, this weekend (2010) and the next, they are completely booked. They have given us a very good rate for a place of this quality, this being a 4-5 star rating based upon an internet search.

The hotel is within walking distance of Winchester's historic downtown district, commencing just a couple blocks away.

Just about four blocks or so, 100 W Piccadilly St., lay the **Handley Library** for the city. You will surely want to visit the **Stewart Bell Jr. Archives** houses historic records that include Frey family information. I suggest you may even be enticed to extend your stay just to conduct personal research.

The main meeting will take place on **Thursday, 19 May 2011**. The next two days, Friday and Saturday, are reserved for travelling. Sunday, 22 May, we will be attending church service at the old **St. John's Lutheran** church where Frey family members still attend and have since the 1700's but not in this particular building.

Presentations are being planned for the first day, Thursday, as well as the general HFFA business meeting normally held during our reunions.

As far as the program content, both during the meeting and on Friday and Saturday, is concerned, I intend to focus on history, for which Virginia has an abundance to offer its guests. While I have some thoughts, I have been soliciting input from those members who stated they plan to attend.

To make this a most meaningful event, at this point I would like to extend an invitation to the entire HFFA to provide any suggestions beyond the **Frey Fort** and **cemetery** as to what you would like to see during the reunion, even if you are uncertain about attending. Send to nschulze@cox.net, SUBJECT Frey Reunion 2010 Suggestions. DO NOT SEND TO THE AOL ADDRESS WHICH I RARELY OPEN ANY MORE. If internet is not something that you access, you can mail to me.

OMADHFA

I was writing an article about two of our cousins, **Dr. Jim Myerly** and his brother **Dr. Bill Myerly**. Both are very accomplished in the medical field as well as in other endeavors. The article got cancelled but an interesting idea came out of our conversation anyway. We are instituting a special HFFA recognition. We shall call it: **One of the Most Accomplished Descendants of Heinrich Frey Award.**

Jim nominates his brother Bill citing the following reasons: Bill Myerly was a true pioneer in open heart surgery. At the time when open heart surgery was first started in the mid 1950's, Bill had the best record of patients who lived through and after surgery. This was because he was such a fast surgeon. His average time on the heart/lung pump was 14 minutes. (Compared to 45 minutes at the University of Minnesota where the heart/lung pump was developed.) When he began doing this surgery no one at the famed Cleveland Clinic was even doing it.

In addition to his life as a surgeon, Bill has also built an airplane (cruised at 240 mph) and five boats by himself. One of the boats was over 57 feet long, 44 Ton, steel hull, and outfitted with all conveniences. It was launched into the Atlantic Ocean via Lake Michigan. Now it treads the waters of Alaska.

It would be great to learn about more talented and accomplished descendants of Heinrich Frey. Please send your suggestions to Mike Speers of the HFFA Newsletter.

Here is another **One of the Most Accomplished Descendants of Heinrich Frey Award.** This one comes to us from **Gordon Fry.**

*As I have been going through the Kentucky papers in our archives I keep running across **Benjamin Frye** as a witness, bondsman for marriages and helping settling estates and a witness to many land transactions, I thought he was a very busy man in Nelson Co, Ky. Then I discovered that Benjamin along with Joseph Lewis and Joshua Hobbs (he was a Court Commissioner) disposed of property to settle mortgages. He was also a Trustee of the city of Bardstown, Ky. He also bought and sold a lot of property. Sounds like a busy man.*

Please send more OMADHFA nominations to Mike Speers.

More Reunion News

An hour before taking the Newsletter to the printer, I received an email from **Norm Schulze**. He spoke with the pastor of St. John's Lutheran Church in Winchester about our reunion. The following is part of the reply from the pastor.

...Therefore, we might expect quite a large group for worship at SJ for the 11:00 service on Sunday, May 22, 2011.

Here are some suggestions to honor this day which come to my mind: we certainly will need to make extra church service bulletins and Celebrate inserts, perhaps, do a special order of blessing for the Frey/Frye/Fry family in honor of their presence on that day. Maybe offer a "St. John's Cemetery Tour" to note the final resting places of noted Frey/Frye/Fry family members? How about some photos and an article for the Virginia Synod newsletter / coverage by the Winchester Star / and a family group "official photo" (like we have done previously for our SJ Veterans).

We probably should discuss this event at our next Council meeting, as to how best to welcome the Frey/Frye/Fry Family to St. John's(and the nice thing is that we have a whole year to prepare!) ;-)

Best regards to all,

Pastor Lance
